

Digital Pricing Scales (MEP / MEPL Series)

MADE IN TAIWAN

The MEP / MEPL Series is an OIML R76 & EC type-approved pricing scale with dual-range division and provides memory for 8 items. These durable scales include splash-proof cover and overload protection. The MEP / MEPL retail scale has special sunken switch design to prevent moisture getting inside for better performance stability and reliability. This model is ideal for portable use and features mature retail functionalities with reliable quality and accurate performance under any circumstance.
